❖ General Information

The Fourth APCN Working Group Meeting and the Third APCN Steering Committee Meeting will be held in Busan, Republic of Korea from 9 to 12 November 2004.

❖ Agenda

- The Fourth APCN Working Group Meeting
Report on Climate Prediction Activities
- The Third APCN Steering Committee Meeting
Guidelines on APCN Activities and Its Future Role

❖ About APCN

APCN is a regional climate program to establish a communication channel for the exchange of regional climate information among APEC member economies.

APCN is aimed at producing reliable seasonal predictions to user communities, based on a well-validated multi-model ensemble system (MMES). APCN produces real-time seasonal forecasts and disseminates forecast products to member economies to assist in the management of climate risks in the Asian-Pacific region.

Korea Meteorological Administration (KMA)
Asia-Pacific Economic Cooperation (APEC)

❖ Venue

Busan, a bustling city of 4 million residents, is situated on the southeastern tip of the Korean peninsula.

The natural environment of Busan is a perfect example of harmony between mountains, rivers, and sea. Its geography includes a coastline with superb beaches and scenic cliffs, mountains that provide excellent hiking and extraordinary views, and hot springs scattered throughout the city. Busan enjoys four distinct seasons and a temperate climate that never gets too hot or too cold.

The Paradise Hotel is located ocean front on Haeundae beach. As the greatest oval white beach of 1.6km, Haeundae Beach is one of the most beautiful beaches in Korea. Continuous events are held all the year and visitors can enjoy relaxing in the various recreational facilities.
